LIL' BIT ABOUT ME

Intro

Hello there! I'm Jaymie, also known as Pyxie, owner and photographer at Pyxie Studios located in Roseville, California.

As a breast cancer survivor, I am forever thankful for being able to follow my photography passion and provide lasting memories to my clients. I adore my husband, Logan, and our baby girl, Emberlyn.

What's my style? I don't really have just one in particular. For me, it really depends on the personality and taste of my clients. I'm very good at posing people but I also enjoy capturing the candid moments. Every session is a mixture of both! You can't really tell your story without one, and you need the other for those pretty wall canvas/desk/print and Facebook profile image.

IMPORTANT DETAILS

Sessions are all inclusive and include digital files so my clients are able to make their own prints. Files are delivered via digital download and include a print release as well as print lab recommendations.

Session fees and completed contract are required to book your session. Session fees are not refundable but can be applied to a future session.

Travel fees apply to locations over 25 miles from zip code 95661.

Prices are subject to change without notice.
